

## WRITING INSTRUMENT WITH PIVOTABLE TIP

### Abstract

~~The invention relates to writing~~ **A** writing instruments ~~which are~~ **is** ergonomically adjusted to the position of a user's hands. ~~To this end the invention provides for a~~ **The** writing device **has** ~~comprising~~ a substantially tubular shaft ~~(20)~~ and **along a** main axis ~~(100)~~, a terminal part ~~(50)~~ at the rear end of the shaft and a substantially conical tip ~~(10)~~ at the front end of the shaft ~~(20)~~. **Using the terminal part, the** ~~The~~ tip ~~(10)~~ can be pivoted (inclined) in a controlled ~~(40, 43, 9)~~ manner in relation to the shaft ~~(20)~~ in a plane containing the main axis ~~(100)~~. Alternatively, an angle of inclination ~~(-alpha-)~~ of a cone axis ~~(101)~~ of the tip ~~(10)~~ can be adjusted ~~(40, 43, 9)~~ in relation to the main axis ~~(100)~~.
